

Draw My Monster

Halloween listening game · ages 6 to 16 · beginner and up · 10 minutes

① How to play

1. **Check the words.** Body, head, eyes, hair, arms, legs, teeth, and the key sentence "It has...".
2. **Describe it.** Read one sentence at a time and say each one twice: "It has a big round body. It has three eyes."
3. **Students draw.** Everyone listens and draws. Keep going until the monster is finished.
4. **Hold them up.** Everyone holds up their monster. Show the reveal picture. The closest one wins a point for their team.

② Tips

Say each sentence twice, then move on. Use the freeze signal (hand up, count down from three) to get quiet before the reveal.

Easier: Draw each part on the board as you say it.

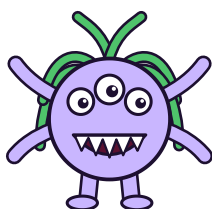

Harder: Add where things are: "Its eyes are on its feet!" Teens design their own monster and describe it to a partner who can't see it.

③ Read one sentence at a time, twice. Hide the picture until the end!
